TITLE: Is the Trinity Doctrine Divinely Inspired?
By M.A.C. Cave

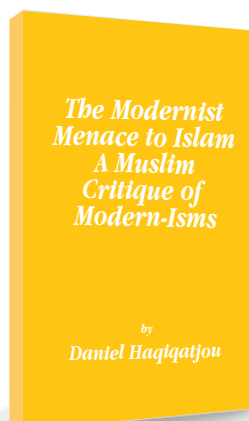

This book serves as the food for thought to every right-minded person and the followers of Modern Christianity. The concept of the Trinity has baffled every Christian denomination. Although Mr. M. A. C. Cave was a Christian who believed in the Trinity before, when he carried - out his research into the origin of this doctrine, he discovered to his utter amazement, that it was a later development which was conceived and engineered by various Christian writers and thinkers.

Mr. M. A. C. Cave builds up evidence that the Trinity is nothing but a man - made doctrine that falls short of being a revelation from God. Subsequently, this tailor - made doctrine lost its angularity on account of built-in contradictions and proved thorny on the side of Christian hierarchy in general and the clergy in particular who are trying to prop it up.

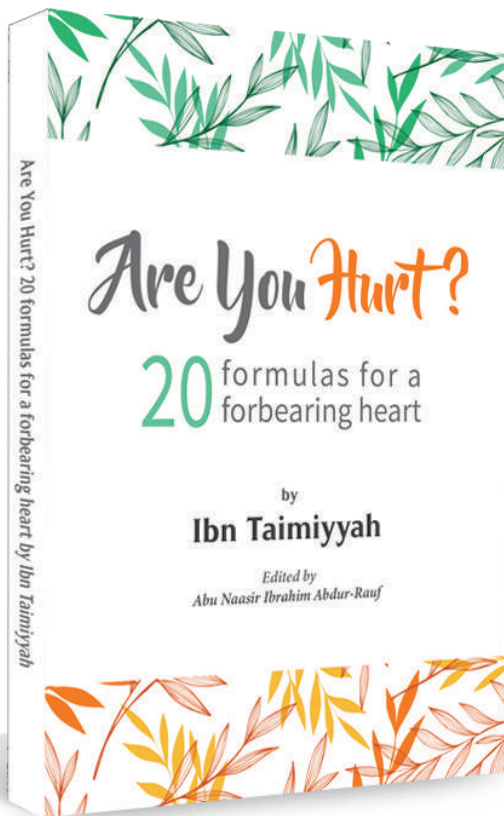

TITLE: This Is Love
By Dr Ali Al-Barghouti

Love is complicated. It is our most powerful emotion, yet we do not understand it. We give it to those who do not deserve it, and deny it those who do. Some spend their whole lives looking for it, while others run away from it when it finds them. We feel this basic need to love and be loved but do not know whom, how, and to what end. It has the power to make us the happiest and the saddest, give us the greatest hope and the bleakest despair. Poems were written to extol it as the noblest pursuit, while others ended their lives because of it. Love is, indeed, complicated.

TITLE: The Modernist Menace to Islam A Muslim Critique of Modern-Isms
By Daniel Haqiqatjou

Modernism is the religion of the colonizer. Modernism is the religion of the imperialists who bomb and occupy the Muslim world. Modernism is the religion of secularists subjugating Muslims around the world. Modernism is the religion of those who publish cartoons insulting the Prophet ﷺ. Modernism is the religion of the governments that ban hijab and halal meat. Modernism is the religion of the anti-Muslim bigots who want to see Islam wiped off the face of the Earth. Modernism is the religion that is being forced onto Muslims, pressuring them to abandon Islam and the Islamic tradition. This book is a response to the Modernist menace.

In an all-encompassing manner, *Rituals of a Worshipping Heart*, describes the heart, it's been responsible for perception and cognitive response, its virtues and importance, and follows with discussions regarding how the heart becomes corrupted and how it can be remedied. As such, it discussed five heart-related acts of worship around which the actions of all limbs revolve.

All these were followed with the mentioning of some important basic characters connected to the heart as examples of other beautiful characters and enviable attributes. A comparison between the heart-related acts of worship and those of the limbs corroborates the importance of paying attention to the heart's rectification. In all of that, the author mostly depended on the verses of the Qur'an and the Sunnah, citing appropriate statements and actions from the Pious Predecessors.

TITLE: The Easy Quran

(Translation of the Holy Quran in Easy English)

“The Easy Qur’an” is true to its title. Its vocabulary, style, and expression will be easy to follow and understand. The sentences are short but concise while the language is within the reach of non-native English readers of intermediate level as the author placed his focus on the appropriate meanings and the accuracy of vocabulary.

Here are some of the highlights on the salient features of “The Easy Qur’an”:

1. A healthy tone of simplicity, accuracy and spiritually prevails throughout the translation.
2. There is a skilful blending of literal meanings and its relevant interpretations which are compact and concise.
3. Long footnotes have been avoided and the emphasis was laid on the context and its meaning.
4. Wherever necessary, the author has generously used parenthesis to facilitate the comprehension of the text.
5. A balance has been maintained between the length and brevity by limiting detailed interpretations.
6. A distinction of this translation is that most of the al-Hadith in the footnotes has been given in Arabic text as well, along with their proper punctuation marks to facilitate correct reading by the non-Arabic readers. References to al-Hadith were also given to ensure authenticity.
7. Another distinguished feature of this translation is that the recent scientific discoveries were also included in it wherever relevant. They clearly prove that the Holy Qur’an is the book of Allah Almighty.
8. “The Easy Qur’an” obviously inculcates in the minds of its readers love for the understanding of Allah’s Glorious Book and in following of the letter and spirit.
9. Following the way of the People of the Sunnah and the Jama'ah in the explanation and exposition, while being distanced from creed-based errors and doubts.
10. Connecting the preceding verses with the following verses as the divine message changes from one subject to the other.
11. Choosing to employ expressions that are commonly used and easy to understand for better grasp of enlightenment.

12. Avoiding difficult phrases and explications that may burden the non-Arab-speaking readers while still preserving the minutest knowledge-based points in its phrases.

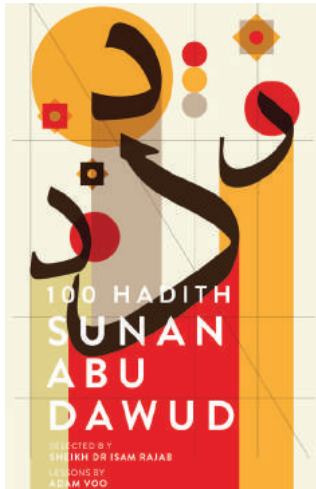

13. Considering the views of the scholars of our times by benefiting from their knowledge and experience in giving easy presentations of Allah's words to non-Muslims on the path of inviting (to Allah's way).

14. A very important feature this edition is that it has included reasons of the revelation of the verses of the Holy Qur'an based on authentic works of the scholars of the past like Al Imam AlWahidi, As Suyuti and Books of Ahadith.

Finally, this could be a valuable addition to the existing rich treasure of English translations of the Glorious Holy Qur'an and for sure, in sha Allah, it will meet the needs of non-native speakers of English language, irrespective of their caste, creed and ethnic background.

We would like to quote here a very scholarly and valuable paragraph from the foreword of the "Noble Qur'an" written by Sheikh Saleh Bin Abdulaziz Bin Mohammad Al Sheikh, Minister for Islamic Affairs' Complex, Madinah al-Munawwarah,

"We are aware of the fact that the translation of the meanings of the Glorious Qur'an, however accurate it may be, must fall short of conveying the wealth of meaning that the miraculous text of the original conveys; and that the meaning conveyed by the translation is only the sum total of what the translator understood from text of the Glorious Book of Allah (SWT) and that it cannot escape the defects and drawbacks that are inherent in every human endeavor," (pg. II). This certainly applies to "The Easy Qur'an" as well.

TITLE: Comprehensive Islamic Jurisprudence

ISBN: 9789675699542

PRICE: RM 100

This book, which you now hold in your hands, dear reader is a very important book by al-Imam Ash-Shawkani (May Allah shower His Blessings on him). The Imam had compiled a concise text titled Ad-Durar al-Bahiyyah fee al-Masaail al-Fiqhiyyah in which he outlined the most preponderant views in the matters of

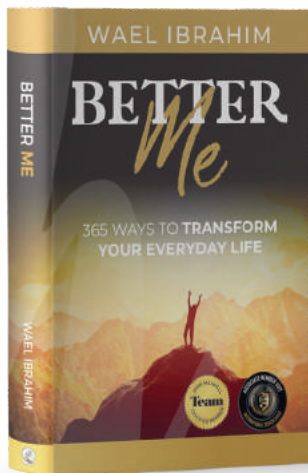

Fiqh based on authentic proofs and text-based reasoning. Shaykh Siddiq Hasan Khan (May Allah shower His Blessings on him) described it as, “leaving out those of it (i.e. the opinions) that are mere thoughts since they amount to the hear-says of it and without paying attention to those that became popular (of the opinions) since the truth alone deserves to be followed...”

Shaykh Siddiq Hasan Khan continued regarding ad-Durar al-Bahiyyah, “The resemblance of this concise piece to the comprehensive works among the Books of Fiqh is like the metal mold to the dross as is known to whosoever is deeply rooted in knowledge...”

In his own remarks, Shaykh Muhammad Subhiy al-Hallaq, the teacher of Hadith and Fiqh in Yemen and well-known for his efforts in tracing the manuscripts of the works of al-Imam ash-Shawkani, editing and publishing them, said, “The book, Ad-Durar al-Bahiyyah fi al-Masaail al-Fiqhiyyah is of the best books of Fiqh not sticking to (and blind-following) any particular school in its form and content...”

Subsequently, some among the people of knowledge during his time requested al-Imam Ash-Shawkani to briefly explain ad-Durar al-Bahiyyah and open up its treasures to the benefit of scholars and students. He granted the request and authored his own commentary on the book, which you now hold, Ad-Darrariy al-Mudiyyah Sharh ad-Durar al-Bahiyyah.

In Ad-Darrariy al-Mudiyyah, al-Imam Ash-Shawkani (May Allah shower His Blessings on him) provided the authentic texts upon which his chosen views in ad-Durar al-Bahiyyah were based, citing the sources of the narrations, affirming their authenticity and reliability as proofs and giving very pithy notes where necessary to aid further understanding of the points that he established.

Perkahwinan adalah keadaan yang kekal dan penting kerana sangat berperanan dalam kehidupan manusia. Para ulama dan cendekiawan Islam membahaskan hal perkahwinan melalui banyak penulisan yang dihasilkan sejak dahulu. Melihat kepada keperluan dan keprihatinan terhadap orang Islam, kami mendapati kebanyakan hasil tulisan yang berbentuk Islam tentang perkahwinan sangat terhad dalam skop yang tertentu telah ditulis untuk budaya dan latar belakang yang berbeza. Melalui ketiga-tiga buku dalam siri ini, kami berusaha membincangkan perkahwinan menurut Sunnah yang sahih.

Al-Quran Al-Kareem Maqdis is a translation learning method of word-by-word Al-Quran with every word and sentence is colored differently, in Arabic and English. Every word in the Quran was translated literally so that the reader could understand the meaning of every single word. It needs to be remembered that not all literal translation represents the exact meaning of the word since the Quran uses varied Arabic language style and sometimes metaphor.

Accordingly, to understand the full or intended meaning of the word or the verse, Muhsin Khan's the Holy Quran Translation had been included in this edition. However, to comprehend more of the meaning of the Quran, reading the commentary of the Quran from trusted scholars would be necessary.
